****Daily Briefing: Shanghai to Mumbai Corridor****

The corridor between Shanghai and Mumbai is currently facing significant disruptions due to ongoing protests i

In addition to the protests, there are environmental concerns related to weather conditions, particularly heav

Logistics managers should take proactive measures to mitigate these risks. Recommended actions include:

- Monitor local news and updates regarding the protests to anticipate disruptions in transportation routes.
- Develop contingency plans for rerouting shipments to avoid affected areas, particularly around CSMT.
- Communicate with local partners and carriers to ensure they are aware of the situation and can adjust their
